**Q1 Read about Ray's family and then answer the questions:**

(20 marks)

My name's Ray and I live with my parents in Seattle, in the USA. My dad is a doctor and my mum is a manager of a shop. I sometimes help her at the weekends. I also have a brother, Peter, and a sister, Jeanette. Peter is an actor- we sometimes see him on TV – and Jeanette's at university. They both live in California so we do not see them very often, but they always come to visit us on Thanksgiving every year. Thanksgiving is a very important holiday in the USA. It is always on the fourth Thursday in November and people usually go home to be with their families. In the evening, we all have a big traditional meal with turkey, corn, sweet potatoes- and pumpkin pie, of course.

1- What do his parents do?

2- How many brothers and sisters does Ray have?

3- Where do they live?

4- Is Jeanette a student?

5- How many people have dinner together on Thanksgiving in Ray's house?

6- When is Thanksgiving?

**Part B****Write all of these in past participle form:***Example: go → gone*

- |               |                |
